Wish we could justify a Holgaloid! (\$120 or so, Holga with a Polaroid back). But one new Polaroid (\$35 if we're stuck) would be sufficient. Ideal would be a still-functioning ancient one. Best of all, but I'm not going to get it, would be an ancient instamatic for Kas, a Holgaloid for the Koreans, and a new Polaroid for Sam and Alexis. If non-functioning cameras are available, I may be able to work something out.
